
[PS3] Rogero Downgrade Any CFW Version To 3.55.18

Anyway, if you have any suggestions or methods for new blog owners, please share. . [PS3] Rogero Downgrade any version of CFW to 3.55.18. (Note: Downgrading to 3.0.15 is not recommended. This will create more problems than you want) Update: For those of you who are unable to downgrade their CFW to version 3.55 (or are currently looking for a way to do so), here are the instructions. 1. Install Custom Firmware 3.55 and Custom Firmware 3.55-CFW or 3.56+ CFW. (Note. I don't recommend Custom Firmware 3.55/3.56+. They are for those who want to use the "old" features they lost when they upgraded from CFW 3.0 to CFW 3.5).
