Description: EasyScript can help you automate repetitive tasks in Windows easily. It supports installing software from the Internet, adding existing shortcuts to your desktop, creating new network drives, managing network printers, etc. It's the perfect software for yourself or a colleague who has lots of Windows tasks to automate. "The web app Tunesaurus is a great tool to know your music library, but it's made even more powerful with the TuneWiki application. Being able to show lyric images in your iTunes library is great for inspiration. Plus, being able to know the lyrics of your favorite songs is a great way to learn new things. In addition, being able to share your tunes with your friends via Facebook and Twitter makes this tool all the more useful." "I recommend EasyScript to any other Windows users who are looking to automate some repetitive tasks." 61 Ill. App.2d 405 (1965) 210 N.E.2d 856 People of the State of Illinois, Plaintiff-Appellee, v. System Requirements:

You will need a 64-bit (x64) Windows operating system with a graphics card that can support DirectX 11 (minimum is 64-bit Windows 7). We're working on supporting 32-bit Windows 7 and Windows 8 (32-bit DirectX 9). You need at least 3GB of RAM. You can run it on 2GB, but you'll get smoother performance and less system memory use. You should have at least 2GB of available disk space. If you plan to use the VSync option, you'
