Monster House. 2006 | PG | 1h 30m | Secrets. Three friends set out to expose the horrors of a vacant house next door. This movie, I even do not know. I didn't understand how I liked it at all. How did I like it? Why didn't I understand why I liked this movie? But it is filmed very high quality. And filmed in horror style. But there is nothing to fear. And is this a movie? What is it then? Yes, the film is made in such a way that nothing is scary. Yes, the film is made in such a way that there is nothing to do there. Yes, there is nothing interesting there. There is nothing to remember later. Because there is nothing to remember. Everything is simple and clear.
