German soundtrack in 7.1 sound, English version in 5.1 only. There are NO three versions of this movie on the 4K Ultra HD disc; three versions: . In general, this is a film for one fan. I won't say that the film is great, but it is very original and interesting. And the music is a separate plus of the film. At least I had a great mood after leaving the cinema. I don't know what's not to like here. The only thing that upset me a little is that I have not seen this movie before. And so I'm very satisfied. I also like the fact that the movie is an adaptation of the book and should be more interesting.
